“Hiring Rosa’s firm is one of the best financial decisions I have made in my 27 years of owning HEPCO, Inc. In the space of three months, Rosa brought a level of financial detail and clarity to our income statement and balance sheet that I had never seen before. It instantly has made me a better manager of our financial resources and indirectly of both our clients and employees. Rosa has a superb work ethic combined with in-depth financial insights, and both have made HEPCO a better company.”

David B. du Pont
President and CEO, HEPCO, Inc.

“It took me over 13 years to find someone like you, someone who can produce financial data that made sense.”

Gary Johnson

“I would highly recommend Rosa’s services to anyone looking to improve the performance of their accounting and finance department while avoiding the additional cost of a full-time experienced professional!”
